

Welcome to The Stefanie Spielman Comprehensive Breast Center

The Stefanie Spielman Comprehensive Breast Center is a part of the James Cancer Hospital & Solove Research Institute. We offer breast patients a full range of services, including plastic surgery. There are many people who are a part of the OSU Plastic Surgery health care team. Each member of the care team is important. They all work together to give you and your family the best care.

Choosing to have plastic surgery is an important decision that requires thought about your personal goals and financial resources. We want to make sure you are fully informed about your surgery and understand the outcome you can expect. Communication is very important. Please talk to us about concerns or questions you may have about your surgery.

In this handout, you will find the names of the members of your health care team and information you need to know about your care and treatment.

PLASTIC SURGEONS

Michael Miller, M.D.
Albert Chao, M.D.
David Cabiling, M.D.
Clara N. Lee, M.D.

Roman Skoracki, M.D.
